HOW TO USE OUR PARKING METERS
Pay-and-Display

1

To begin, use one of the two following payment options:

Credit Card Purchase

1. Insert your credit card into the credit card slot that is located at the top right corner of the meter, with the black magnetic stripe facing down and to the right.

2. Press the "TIME" button located beneath the credit card slot to purchase time in configurable intervals.

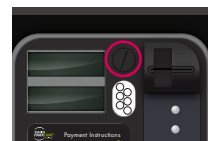

3. The rates and session time will be displayed on the screen. Select the amount of time you wish to park for. Alternatively, you may purchase the maximum time by pressing the "Maximum Time" button. Press the "Maximum Time" button more than once if you wish to park for longer

Coin Purchase

1. Insert coins into the coin slot that is located at the top of the meter, beside the digital screen.

2. Continue to insert coins into the coin slot to buy more time. The amount inserted and valid time is displayed on screen as coins are inserted.

2

To submit your transaction, press the green "PRINT TICKET" button that is located at the bottom right on the meters interface

Note: Parking meters do not return coins or change. Ensure you enter the correct amount before you agree to the transaction by pressing the "PRINT TICKET" button

3

Your ticket and receipt will print and be dispensed out of the bottom right of the parking meter. Take your receipt

4

Visibly display your receipt on your vehicle's dashboard facing upwards.
